# About us

LFSUSA.STORE is a company specialized in the commercialization of equipment for restaurants, in addition to being representatives of manufacturers to the food industry. Our clients can experience the quality of our personalized service. Contact us and receive the necessary support so that the purchase of your food equipment is a wise investment.

We're more than just an online retailer. Since 2015, we've created an innovative, easy-to-use website to meet the purchasing needs of businesses from all over the globe. LFSUSA.STORE, The Leading Distributor of Restaurant Supplies and Equipment

We have everything your business needs to function at its best. Over the years we have expanded our selection of commercial equipment and wholesale supplies to include healthcare, educational, food, beverage, office, parts, hotel, shipping, and industrial supplies. Our focus is your convenience – order online from your laptop, desktop, or smartphone 24 hours a day, 7 days a week. Our fast shipping, low prices, and outstanding customer service make Latam Food Service the best choice to meet all of your professional and food service supply needs.

## Amazing Customer Service

Our personalized customer service helps you buy what you need without mistakes!

## No Hidden Costs!

The prices you see on the site are the ones you pay for the equipment! No extra charges at delivery!

## Free Shipping on All Orders

Get free shipping on all orders within the US and they'll arrive in 5-8 calendar days!

## High Quality Content

We provide you with the relevant info you need to make the right purchasing decisions. Every one of our product descriptions is written by a dedicated content writer.

# UNDER COUNTER REFRIGERATOR

## Key features:

Door Gasket Tongue and groove, easy to clean & replace

Digital Temperature Microprocessor, Precision temperature pre-set to 33°F to 41°F. Adjustable set-point, temperature differential, evaporator fan on/off cycles & air defrost cycles.

Adjustable feet or castors upon request

Forced air cooling system ensures effective air circulation, reaching to the setting temperature within 2 hours (Empty)
